

Генеалогическое дерево российских школ по нелинейной динамике

Genealogical tree of Russian schools in Nonlinear Dynamics	
L. V. Kuznetsov	
Moscow Institute of Physics and Mechanics Department of Mechanics Moscow, Russia	
D. Yu. Izrael	
Moscow Institute of Physics and Mechanics Department of Mechanics Moscow, Russia	
Abstract	
The article is devoted to the history of the development of nonlinear dynamics in Russia. It is shown that the main role in the development of nonlinear dynamics in Russia was played by the works of L. V. Kuznetsov and D. Yu. Izrael. The article is devoted to the history of the development of nonlinear dynamics in Russia. It is shown that the main role in the development of nonlinear dynamics in Russia was played by the works of L. V. Kuznetsov and D. Yu. Izrael.	
1. Introduction	
The article is devoted to the history of the development of nonlinear dynamics in Russia. It is shown that the main role in the development of nonlinear dynamics in Russia was played by the works of L. V. Kuznetsov and D. Yu. Izrael.	
2. Main results	
The article is devoted to the history of the development of nonlinear dynamics in Russia. It is shown that the main role in the development of nonlinear dynamics in Russia was played by the works of L. V. Kuznetsov and D. Yu. Izrael.	
3. Conclusion	
The article is devoted to the history of the development of nonlinear dynamics in Russia. It is shown that the main role in the development of nonlinear dynamics in Russia was played by the works of L. V. Kuznetsov and D. Yu. Izrael.
